DUTIES AND TERMS OF REFERENCE

The duties and terms of reference of the Committee are:

25. To determine, *on an ongoing basis*, the framework for the remuneration of the Company's chief executive officer, chair, the executive directors, the company secretary, and such other members of the executive and senior management as it is designated to consider (together the "**Executive Group**"). No director or manager shall be involved in any decisions as to their own remuneration. Within the terms of the agreed policy and, in consultation with the chair and/or chief executive officer as appropriate, the Committee shall determine the total individual remuneration package of all senior executives including bonuses, pensions, incentive payments, share options and other share awards.

26. For the avoidance of doubt, the remuneration of non-executive directors shall be determined in accordance with the Articles of Association, or, alternatively, by the Board.

27. When determining policy and practices in relation to remuneration, the Committee shall ensure:

- (a) that remuneration arrangements should avoid complexity and their rationale and operation should be easy to understand;
- (b) that remuneration arrangements should ensure that reputational and other risks from excessive rewards, and behavioural risks that can arise from target-based incentive plans are identified and mitigated;
- (c) that there should be a clear link between individual awards, the delivery of strategy and the long-term performance of the Company and outcomes should not reward poor performance;
- (d) that the Committee exercises independent judgment and discretion, taking account of Company and individual performance as well as circumstance;
- (e) that provisions regarding disclosure of information are fulfilled and produce a Remuneration Report to be included in line with local law, regulations and, where appropriate, guidelines, in the relevant jurisdictions and ensure that it is included in the annual report and, where relevant, put to shareholders for approval at annual general meetings;
- (f) that consideration is given to laws, regulations and any published guidelines or recommendations regarding the remuneration of directors (and senior executives) of listed companies and formation and operation of share schemes including but not limited to the provision of the local law, regulations and, where appropriate, guidelines, within the relevant jurisdictions, as well as guidelines published by the significant investor bodies and shareholder groups as appropriate.

28. Specific areas for Committee attention are:

- (a) employment conditions in the Group generally and management's approach to developing future leaders are taken into consideration in determining the remuneration policies and levels for the Executive Group.
- (b) pension and superannuation arrangements for the Executive Group, including considering pension contribution rates when compared with workforce arrangements provided that only basic salary should be pensionable.
- (c) all service contracts between the Company and its directors or between the Company and any subsidiary and any such senior executive. Contracts should preferably not extend beyond one year to avoid excessive termination costs.
- (d) contractual notice periods and termination commitments and approvals including any retention and termination arrangements for the Executive Group and any other employee and if, in the opinion of the Chief Executive, it is appropriate (the Committee having delegated authority for the provision of 'good leaver' status for other employees to the Chief Executive with power to sub-delegate).
- (e) that contractual terms on termination, and any consequent payments made to the Executive Group are fair to the individual and the Group and consistent with the remuneration policy. In any case there should be no reward for poor performance.
- (f) Approval of and operation of the Group's short-term and long-term incentive plans as they relate to the Executive Group, including the review and approval of awards, setting of performance criteria, where applicable, and approval of any vesting, recovery, withholding of awards and holding periods, as appropriate, including the development of formal policies for post-employment shareholding requirements encompassing both vested and unvested shares.

- (g) the Committee should approve the design of, and determine targets for, any performance-related pay schemes (including share incentive plans) and approve the total annual payments made under such schemes. In particular:
 - i) the Committee should consider whether the directors should be eligible for annual bonuses. If so, performance conditions should be relevant, stretching, and designed to enhance the business. Upper limits should always be considered. There may be a case for part-payment in shares to be held for a significant period;
 - ii) the Committee should consider whether the directors should be eligible for benefits under long-term incentive schemes. Traditional share option schemes should be weighed against other kinds of long-term incentive scheme. Directors should be encouraged to hold their shares for a further period after vesting or exercise subject to the need to finance any costs of acquisition and associated tax liability;
 - iii) the Committee should propose new long-term incentive schemes (including share option schemes), whether payable in cash or shares in which directors or senior executives will participate which potentially commit shareholders' funds over more than one year or dilute the equity only on the basis that shareholders will approve the schemes prior to their adoption; and
 - iv) any new long-term incentive schemes which are proposed should preferably replace existing schemes or at least form part of a well-considered overall plan, incorporating existing schemes, which should be approved as a whole by shareholders. The total rewards potentially available should not be excessive;
- (h) management review regarding compliance with standards on employment policies, including remuneration by gender including major changes in benefits for the all-employee population.
- (i) agree the policy for authorising claims for expenses from the directors and senior executives.
- (j) keep abreast of external remuneration trends and market conditions, including receiving an annual presentation from its external remuneration advisers (if appointed).
- (k) through the chair of the Committee and/or chair of the Board, ensure that the Group maintains contact as required with its principal shareholders about remuneration.
- (l) establish the criteria for the selection and appointment of, the remit for, and compensation of any remuneration advisers to the Committee, and ensure that such engagement and any provision of advice is directly with the Committee and independent of management in accordance with any laws and governance requirements as applicable from time to time.
- (m) as the main vehicle through which the Company accounts to shareholders for directors' remuneration the Committee should make a report each year to the shareholders on behalf of the Board, which report should form part of, or be annexed to, the Company's annual report and accounts. It should include the following:
 - i) actual remuneration packages;
 - ii) share options and pension entitlements earned by individual directors who should be named;
 - iii) the report should also set out the Company's general policy on executive remuneration, including levels, individual components, performance criteria and measurement, pension provision, contracts of service, compensation commitments on early termination, any special arrangements made, and material changes made during the year;
 - iv) the report should state that, in framing its remuneration policy, the Committee has given full consideration to the best practice provisions set out in paragraph 27 and should list the members of the Committee;
 - v) the report should also include full details of all elements in the remuneration package of each individual director by name, such as basic salary, benefits in kind, annual bonuses

and long-term incentive schemes including share options, and of the extent to which performance criteria are being met. See Appendix;

- vi) information on share options, including SAYE options, should be given for each director;
- vii) if grants under executive share option or other long-term incentive schemes are awarded in one large block rather than phased, the report should explain and justify;
- viii) also included in the report should be pension entitlements earned by each individual director during the year, calculated on a basis to be recommended by the Institute and Faculty of Actuaries. If annual bonus or benefits in kind are pensionable the report should explain and justify;
- ix) any service contracts which provide for, or imply, notice periods in excess of one year (or any provisions for predetermined compensation on termination which exceed one year's salary and benefits) should be disclosed in the report and the reasons for the longer notice periods explained; and
- x) the report should take account of or note shareholdings and other relevant business interests and activities of the directors, which should continue to be disclosed as required by the BVI Business Companies Act 2004 and the AIM Rules.

CONFLICTS OF INTEREST AND CONFIDENTIALITY

- 29. Members with any conflicts of interest with particular agenda items shall advise the chair ahead of, or at the beginning of, each meeting and absent themselves from the meeting room during consideration of the item.
- 30. Members shall maintain strict confidentiality regarding any designated commercially or politically sensitive information which might be shared during meetings and shall abide by any non-disclosure agreement relating to confidential or commercially sensitive information.
